CLIMATE AS CURE FOR TUBERCULOSIS CALLED MYTH BY LOEWENTHAL

Dr. Ernest Loewenthal, professor of
experimental pathology at the Uni-
versity of Vienna, a recognized author-
ity on tuberculosis, last night declared
the common belief that a sufferer from
the disease should seek a cure in the
desert or on the mountains is wrong.

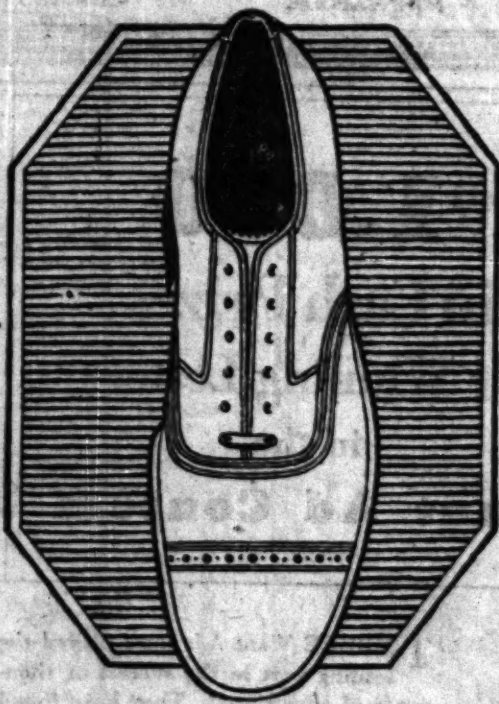

Simply sending the patient to the
country will not help, Dr. Loewenthal
said in his address delivered at the
Field Annex under the auspices of
the Chicago Tuberculosis Institute.

Avoid strenuous exercise, breathe
clean air, and subject yourself to con-
tinuous observation by your own doc-
tor, was the specialist's advice to vic-
tims. Such measures will not require
a trip away from home.

Once infected, a person never can
again become absolutely normal, he
added. The case may, however, be ar-
rested and brought under control with
great success. A warning was given
against the dangers of mistaken diag-
nosis.

BRITISH NOBILITY GETS SPOTLIGHT OF DIVORCE MILL

London Courts Have Pleas
of 1,000 Mismatched.

(Picture on back page.)

LONDON, Oct. 27.—(U. P.)—More
than 1,000 husbands and wives, tired of
marital discord, are digging away the
coverings of family scandals in prepa-
ration for England's autumn divorce
court season.

The opening of the Earl of Cowley's
suit for divorce from his wife, the
former May Pickard, a New York chorus
girl, brought to the attention of so-
ciety the fact that there were at pre-
sent 776 petitioners for absolute divorce.

The petitioners, the stage, and high so-
ciety generally, both British and Amer-
ican, are represented in these pleas.
Three High court judges already have
started the task of deciding whether or
not the irksome shackles of matrimony
shall be removed.

Of the petitions, 434 are undefended,
and unless the king's proctor, a sort
of official snooper whose job it is to
keep divorce petitioners honest, finds
reason to oppose these suits, the di-
vorces will be granted automatically.

Earl of Hardwicke Sued.
The countess of Hardwicke is the
ranking petitioner. Her suit against
the earl of Hardwicke is undefended.
The countess was a New Zealand girl,
while the earl before his marriage had
been a gold miner and a pioneer aviator.
His title dates back to 1713.

Lady Cheylesmore, formerly Eliza-
beth French, a daughter of Frances
O. French of New York, is suing Baron
Cheylesmore. The baron, claiming
that he is domiciled in Canada, is
bringing his own divorce suit there.

Sir Merik Burrell, seventh baronet,
is not defending his wife's suit. She
is an Englishwoman, but his first wife,
whom he divorced in 1907, was a
daughter of the late Walter Winans,
famous American trotting horse
breeder.

Among the others whose names fig-
ure in the divorce lists are Sir Alexan-
der Black, first baronet, who is giving
his wife her divorce uncontested, and
M. R. Humphrey, who is suing Mrs.
Rene de Vere Humphrey. Baron Ter-

EASIER TO DEVELOP 100% BABY THAN 100% HUSBAND, COURT TOLD

Detroit, Mich., Oct. 27.—(Special.)—

"It's easier to develop a 100 per cent
baby than a 100 per cent husband,"
is what Mrs. Grace Andrews told
Judge Harry Dingemann today when
she asked for and obtained a divorce
from her husband.

Mrs. Andrews is the mother of the
prize winning baby at the state fair
last fall, 100 per cent perfect.

"Nobody thought the baby would
live, but I nursed her, and I have tried
just as hard to make a perfect hus-
band out of Mr. Andrews," Mrs. An-
drews said.

"But he wouldn't stay home or stick to a job. A few weeks
ago we parted. He said he was leav-
ing our home. So I ironed all his
shirts, and told him goodbye. I don't
know where he went, but I've got our
100 per cent baby."

ington is named as co-respondent in
Humphrey's suit.

Tells of Pajama Party.

(Chicago Tribune From Service.)
LONDON, Oct. 27.—Mrs. Maude Col-
lier, friend of Lady Cowley, who is
being sued for divorce by her husband,
Lord Cowley, prominent actor, related
pajama scenes which took place in her
flat and on which Lord Cowley is bas-
ing his charges of misconduct in the
divorce courts today.

Mrs. Collier broke down in tears
under cross-questioning when describ-
ing how she warned Lady Cowley not
to drink so much and also to beware
of growing intimate with Humphrey
Kent, who is named as co-respondent.

After describing nocturnal excu-
sions to the Kit Kat club and other
night resorts, the witness recounted a
2 a. m. scene when she entered the
flat, finding Mr. Kent and Lady Cow-
ley, dressed only in silk gowns, rolling
on a sofa, both of them drunk, accord-
ing to the witness, who explained that
Mr. Kent and Lady Cowley were both
staying at her place as guests.

The witness said she told Lady Cow-
ley to go to bed and ordered Mr. Kent
to his room. The latter remarked that
he was unable to keep Lady Cowley
out of his room, remarking:

"Take her away."
Here the witness started crying and
the court was suspended for a minute.

"Are you and Mr. Kent friendly
now?" asked the counsel.
"I loathe him after what he has
done to Lady Cowley," replied Mrs.
Collier.

TRY RADIO LINK WITH MARS, BUT NOTHING'S HEARD

The planet Mars last night again
baffled the efforts of scientists to dis-
cover whether it harbors human life.

Photographs were being attempted in
many parts of the world, and other
efforts made to learn something de-
finite of the planet.

At Yerkes observatory of the Uni-
versity of Chicago, at Williams Bay,
Wis., there was no chance to see the
planet for rain was falling.

From London also came the report
that the Geneva correspondent of the
Daily Express had sent this message
from Prof. Schaefer, famous Swiss as-
tronomer of the Jungfrau observatory
in the Alps:

"I find that Mars now presents
great changes in comparison with con-
ditions seen in 1924. The planet now
presents a luminous pale yellow disc
with equatorial continents pronounced
by dark brown in color while the polar
caps, which was very small in July
and August, has nearly disappeared."

STOP AL NOW" IS
NEW YORK G. O. P.
ALLYING CRY

1928 White House
Goal Straight Ahead.

ARTHUR SEARS HENNING.
Chicago Tribune Press Service.

Oct. 27.—(Special.)—The G. O. P. in New York is all over the city crying "stop Al now" and reported it had discovered the cry of the opposition to Gov. Alfred E. Smith raised by the New York Republicans in the closing days of the election campaign.

The talk issue showing signs of being a campaign issue, the Republican candidate for governor, the G. O. P. has fallen back on an appeal to the voters to elect a Republican to the governor's office and to anti-Smith Democrats to join in disposing of Smith.

Smith's presidential ambitions once he is elected to his fourth term next year, Smith would become at once the most powerful man in the Democratic party for President in two years.

His popularity and his ability to carry New York and possibly other states would present a serious argument of expediency to the Democratic party.

But in some of the more serious of the G. O. P. leaders, the feeling is that there is a real danger that Smith, if elected, would be a real danger to the party.

Smith, if elected, would be a real danger to the party. Smith, if elected, would be a real danger to the party.

WEARING TOO MUCH

**ODDS 13 TO 5 ON AL,
2 TO 1 WADSWORTH,
IN NEW YORK BETTING**

New York, Oct. 27.—(Special.)—Odds on Gov. Alfred E. Smith to defeat Ogden L. Mills lengthened to 13 to 5 today. The big majority of those who wish to back Mills are asking 3 to 1, but no bets were placed at this price.

"Backers of Mills and Wagner were out in force today," said Guy B. De Chadenet, "but most of them wanted bigger odds than the Smith and Wadsworth supporters would give. We could have placed considerable Mills money if we could have received 3 to 1 against it, and as much on Wagner, if the Wadsworth backers were willing to give 2 to 1."

W. L. Darrell, 44 Broad street, reported wagers aggregating \$5,000 made at 3 to 1 and 13 to 5 that Smith will be reflected. The Wadsworth price jumped from 8 to 5 to 2 to 1 and a wager of \$10,000 to \$5,000 was placed at this figure.

death" that Smith says the Hearst support has given Mills. The Hearst papers asserted that Smith did not regard Hearst support a "kind of death."

In 1924, when he wrote a letter thanking them for the treatment they had given him in his campaign for reelection. The governor said he never wrote such a letter. The Hearst papers retorted by printing a facsimile.

The governor now recalls that he wrote such a letter, but says it was a personal one to a Hearst editor.

R. C. VANDERBILT
WIDOW WILL GET
AT LEAST \$82,000

Newport, R. I., Oct. 27.—(Special.)—Mrs. Gloria Morgan Vanderbilt is to receive at least \$82,000 from the estate of her husband, Reginald C. Vanderbilt. Grants of this amount were made this afternoon by the council of the town of Portsmouth, sitting as a court of probate in approval of petitions before the court for consideration.

Mrs. Vanderbilt in return has waived her dower right in Sandy Point farm in Portsmouth, the Vanderbilt home, which Moses Taylor is to purchase as soon as the legal way is cleared. This dower will amount to \$45,500 on the farm. The remainder of the amount will be made up of \$30,500, the proceeds of the sale of the household effects at the farm left to her under the will of her husband, and sold by the executors, and \$6,000 from six months' widow's allowance for support.

Mrs. Vanderbilt in her petition had asked for an allowance of \$2,000 a month of \$24,000, but the court cut this amount in half because of the liabilities against the estate.

The understanding at the court session today was that Mrs. Vanderbilt would also waive her dower right in the sale of the New York home, taking \$12,000 as her share.

500 LAWYERS TO GUARD POLLS FOR ELECTION BOARD

Bar Association Acts to Prevent Frauds.

Five hundred lawyers, members of the Chicago Bar association, will act as officials of the County court at the polls on Nov. 2. It was announced yesterday. They will be assigned as a result of a request to the association by the election commission.

With this announcement came another that all violations of election laws will be placed before a federal grand jury on the theory that the national government will take a hand because of the election of a United States senator and congressman on Nov. 2.

Fewer Presumes Police Help.
Mayor Dever held a conference with County Judge Jarecki, who is the Democratic nominee for reelection, and promised to put large forces of police, including eight detective squads, at the disposal of the county judge and his election commission.

The request to the bar association was made by Election Commissioners Fred V. Maguire, Harry A. Lapek, and Frank W. Barber in a letter to Herbert M. Lautmann, secretary of the association. The association's committee on candidates granted the request last night and a letter to all members asking for volunteers was sent out by President William C. Boyden and Secretary Lautmann.

Lawyers to Be Witnesses.
The assignment of lawyers as attaches of the county court the commission explained, not only will give the commission a force of officials to guard against fraud but will also supply it with eye witnesses and perhaps with prosecutors in the event of irregularities.

The letter to the bar association recounted the stories of frauds and terrorism at the polls in the April 13 primaries and said "the commission is of the opinion that there will be a repetition of the same offenses at the election Nov. 2 unless unusual precautions are taken."

Special reference was made to the 26th, 24th, and 27th wards.
President Bids Farewell to Dean of Jewish Cantors
Washington, D. C., Oct. 27.—(AP)—President Coolidge said farewell today to the Rev. Salomon B. Rabiner of New York, 71 year old dean of Jewish cantors, who is returning to Palestine to spend the rest of his life and rewrite there the Psalms of David and the music for them. A special prayer arranged by the Rev. Mr. Rabiner and dedicated to the President was chanted to Mr. Coolidge during the visit.

List of Business Men for Brennan

"For the Prosperity of Illinois and the Nation" is the caption of an appeal to voters signed by forty-two of Chicago's leading business men yesterday for support of George H. Brennan, Democratic nominee for senator. Twenty of the signers are lifelong Republicans. The list, including names nationally known in banking, manufacturing, railroading, and merchandising, follows:

Alvin A. Traynor, F. J. Lewis, James Todd, Colin C. H. Fyfe, Louis Mitchell, Robert H. Kozell, M. E. Grossman, Byron V. Kessler, Robert F. Carr, Charles H. Buras, Ralph M. Shaw, Richard J. Collins, Robert J. Hamilton, J. M. Winslow, Carl Meyer, Oscar G. Furman, Thomas W. Hyde, Weymouth Kirkland, John F. Harding, D. F. Kelly, John McKinley, Fred G. Hartwell, John McMillin, Col. Wm. H. Wade, Charles J. Vojick, John Lewis, John Benson, Edward M. Butler, Stanley Field, Joseph F. Griffin, Ernest J. Christy, Frederick T. Rawson, Dr. Otto L. Schmidt, Joseph F. Griffin, Ernest J. Christy, James E. Gorman, Wm. F. Chisler, Alfred A. Austin, A. A. Sprague, A. W. Goodrich.

"We, as business men of Chicago, irrespective of party," reads the appeal, "are keenly interested in the important office of United States senator at the coming election. Illinois must have in the senate a man who understands, through education and experience, the needs of business."

"George H. Brennan is a business man and understands business. For the last eighteen years he has been the Chicago executive of the United States Fidelity and Guaranty company, a surety and casualty insurance company, and he has built up this business until now his office handles more business of this kind than any other agency in the world."

Aside from his prominent qualifications as a business man his record assures that he will at no time evade important issues. His stand on national questions is well known.

"Although we may not entirely agree on all his issues, we unqualifiedly support him regardless of party affiliation, because we know that he thoroughly appreciates that the welfare of our country and state depends upon healthy business conditions. His election will figure conservative and sound business judgment upon every problem that will confront our state and nation."

"We, as business men of Chicago, irrespective of party," reads the appeal, "are keenly interested in the important office of United States senator at the coming election. Illinois must have in the senate a man who understands, through education and experience, the needs of business."

BUSINESS CHIEFS IN TWO PARTIES BACK BRENNAN

Attack Prosperity Issue of Republicans.

(Continued from first page)

Women in Unity hall he said, if elected, he will uphold the fourteenth and fifteenth amendments as well as the eighteenth. In his main speech of the day, he took as theme Brennan's boss, "They gave you Small, I gave you Dever."

"Whether or not Brennan gave you Dever," he said, "what has Mayor Dever ever given you?"

"Has he given you law enforcement? I do not mean enforcement of the prohibition laws, but the decent ordinary protection against universal crimes—murder, robbery, assault upon women, thievery—which any city government assumes to give the people."

"Has he given you subways? Has he given you improved transportation? Has he 'settled' the traction question? What Smith has Done."

"I do not live in Chicago. Nevertheless, I have had my share in giving to the people of this city a great deal more than Brennan's mayor has ever given you, if you will put all his benefactions together."

In concrete figures, the Illinois Commerce commission, of which I was chairman for five years, gave to the people of Chicago more than \$74,000,000 in reduced transportation, gas, and electric rates in that five years. That was actual money, not bank."

"Also, let me remind you, our gift to one that will be multiplied many times in the years to come, for the savings we made effective continue at the rate of around \$20,000,000 a year, and these savings will increase as your city grows."

"Where did we get the money to give you? We took it from corporations which carry you back and forth to your work and which furnish you with gas and electricity by lowering the rates you have to pay."

Chase Big Brennan Claim.
Mayor Dever returned from his corn belt trip with word that the Brennan meeting at Bloomington Tuesday night was the largest political demonstration staged in that city since the Roosevelt days of 1912.

Thomas F. Dever, Democratic state chairman, declared yesterday that with Magill sentiment running as strong as it is, Brennan will roll up substantial plurality in the corn belt, an old Republican stronghold.

Over the radio last night, through station W-G-N, Brennan talked of farm relief and said Secretary Mellon proposed to do for European farmers what he says would be "economically unsound" to do for corn belt farmers.

"Before the floods accentuated the need for farm relief," he said, "I publicly declared myself for the Hughes bill, which a majority of the farmers of Illinois desired, and which was de-

vised to provide the only kind of help that would be of service to them—to provide a capital account which would enable them to market their products without loss."

"That bill was defeated in the house of representatives by the Coolidge administration. I did what I could to obtain votes for it, and was successful in a measure. The President, however, had publicly stated that if the bill were passed he would veto it. That was enough to assure its defeat."

"Later the bill appeared in the senate. Its friends announced that they had the assurance that it would receive 47 votes. Right at this crisis Secretary Mellon stepped in with a savage denunciation of the bill. He declared it economically unsound, although it proposed to do for the farmers of the United States what Mellon had said it was necessary to do for the people of Europe."

"Witch" Clipped to Death in Poland; Slayers on Trial
(Times Tribune Press Service.)
WARSAW, Poland, Oct. 27.—A trial reminiscent of the middle ages opens here tomorrow, when fifteen persons will be charged with the murder of a "witch." The slain woman lived in the village of Walszowo, near Warsaw, and when the young daughter of a neighbor became ill the villagers asserted the "witch" had cast a spell upon her. They dragged the "witch" from her house and beat her to death. They then gathered her blood and washed the ailing girl in it. The girl, whom the doctors had declared to be dying, thereafter commenced to recover, and now is restored to complete health.

ACCEPT 4 JURORS IN SALTIS-KONCIL MURDER HEARING

CRIMINAL COURT.
Jury heard, usually be tendered; returned to one juror in the Sidwell and Hall \$100 and costs by Judge Jacob Hopkins.

Mary Williams, cookhouse owner, sentenced to one to ten years in the penitentiary by Judge William J. Lindey.

Glenn W. Sawyer, cookhouse owner, sentenced to one to ten years in the penitentiary by Judge William J. Lindey.

Four jurors were accepted and sworn yesterday in Judge Harry B. Miller's court for the trial of Joe Saltis and Lefty Koncil, gangsters accused of the murder of Mittlers Foley, a rival beer runner. The jurors are:

Clam A. Freiler, 214 South Keeler avenue, an electrical estimator; Carl Fathall, 3435 West 63d place, a clerk; Michael F. Grant, 6315 South Green street, retired, and G. F. Schneller, 2650 North Spaulding avenue, printer foreman.

Judge Miller issued attachments for 15 men who failed to appear in answer to jury summons. They will be brought in to court today if they can be found.

Twenty-nine of the men who passed through the jury box said they had conscientious scruples against inflicting the death penalty, which caused Judge Miller to remark:

"Quite a convenient evasion of service."

BACKERS REPORT ON FIGHT FOR TAX AMENDMENT

The advocates of the constitutional tax amendment took stock yesterday noon at a luncheon in the Morrison hotel. When they had finished, reports from the following organizations which are campaigning for the amendment were made public:

Chicago Real Estate board, Joseph K. Pittman, president.
American farm bureau, S. H. Thompson.
Illinois Agricultural association, E. C. Smith, president.
Illinois Association of Real Estate Boards, Max Murdock, secretary.
Illinois League of Women Voters, Mrs. Florence Bennett Peterson.
Women's City club, Mrs. Murry Nelson.
Illinois Federation of Labor, John E. Walker, president.
Chicago Federation of Labor, Victor Olander.
Western Society of Engineers, E. V. Stevens.
Chicago City club, Arnold Bear.
Illinois Barbers' association, John Carroll.
Civic Federation of Chicago, Douglas Sutherland.
North Shore Real Estate club, Chicago Teachers' federation.
Illinois Teachers' association.
Tells of Work Among Foreigners.
"We have 63,000 members," said Mr. Smith of the Agricultural association. "We are organized in 34 counties. We

have sent out 30,000 pamphlets and have had six speakers talking daily for weeks. We have had the representatives of 37 counties of the 34 counties in which we are organized in to discuss the matter in detail and we will send a special edition of our paper to each of our 33,000 members so they will get it by Saturday. We will have two men on election day in each voting precinct in each of the 34 counties."

John Walker said that the labor unions of the state have given their unqualified endorsement. He added: "Much material has been sent to the 36 central bodies and to the 2,900 local unions throughout Illinois. In our organizations we have about 750,000 active men and women. We expect them to do their share for this amendment."

Fears Tax on Church.
The Illinois Manufacturers' association released a sensational charge against the amendment. It consists of a speech of Charles A. Livingston of the association before the North Shore Kiwanis club.

"Churches and parochial schools now exempt might be taxed by an unfriendly and a free thinking Illinois general assembly, if the proposed constitutional amendment to the revenue section is carried at the Nov. 2 election," said Mr. Livingston. "It has been pointed out to our association that if 18 senators or 52 members of the house of representatives oppose the extension of state property from taxation, the churches and schools would receive no exemption. It is entirely thinkable that there might be this many senators and representatives opposed to the exemption of property used for religious or school or religious purposes. These men might be free thinkers, who do not believe in church exemptions, or members of organizations who believe that all churches and schools or certain churches and schools ought to be taxed."

CROWE DECLARES TAX AMENDMENT GRAB BAG PLAN

State's Attorney Robert E. Crowe yesterday declared himself against the proposed revenue amendment to the state constitution, to be submitted to the people Nov. 2. He called the amendment "a grab bag proposition."

"Our present tax system may not be perfect, but I can see no promise of improvement in the proposed amendment," he said. "The amendment sounds dangerous to me. It eliminates none of the evils of the present system directly, and it confers far-reaching powers on the general assembly to pass tax legislation."

Fears Double Income Tax.
"The power to establish a state income tax on top of other taxes is one of the serious objections of the proposed amendment. How will the amendment make it any easier to catch the tax dodger? The only promise we have is that the legislature may some day find a way to do it. From a Spok county standpoint, we should first obtain proportionate representation in the legislature, to which we are entitled under this same constitution, before we confer any broader powers on the general assembly to change our tax laws. Let's get that first."

"Like most of the other states Illinois has gone along for many years on a general property tax system. I

see no reason for destroying a whole system, merely because it is not perfect, only to substitute vague promises. Now I am to be elected."

The minute the legislature, even with the so-called safeguard requiring a two-thirds vote for adoption, begins tinkering with the tax laws it will drive more money into tax exempt securities, where it will be entirely beyond the reach of the tax collector.

"Too much property escapes taxation now, but will a mere change in the system change human nature? Will tax returns be made any more fully if we have a state income tax or try some other method of reaching wealth that now escapes?"

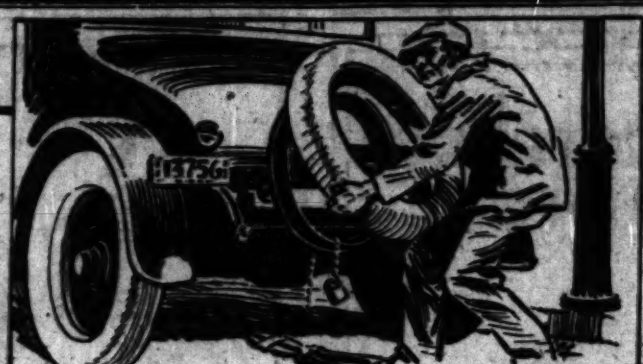

"Adoption of the amendment would send an army of lobbyists to the legislative halls at Springfield every session seeking laws to satisfy their own interests. The people of Illinois repeatedly have voiced their disapproval of trading even an imperfect tax system for a grab bag proposition. I think they will continue to do so until something decidedly more definite and equitable than this amendment is presented."

The Republican state's attorney and leader is just as vigorously opposing the proposed amendment as is Democratic State Chairman Thomas F. Donovan.

Story of Woman in Hotel to Win Mrs. Dey Divorce

Testimony that Marcel E. Dey, vice president of the Winthrop Beach hotel, took a woman to one of the rooms in that hotel yesterday caused Judge Thomas J. Lynch to indicate he would grant Mrs. Cortes L. Dey, 2335 Commonwealth avenue, a divorce. In answer to questions by her attorney, Ernest Sobush, Mrs. Dey said she was married in April, 1925, and that her marriage was happy only until three weeks later, when she left her husband.

BRENNAN, HARDING FOR COUNTY TREASURER POST

Experienced in City's
Financial System.

It is the result of a series of
important elections of the candidates
of the Nov. 2 election:

COUNTY TREASURER.
Brennan J. O'Brien has a reputation
in the Democratic organization of
Cook county as an important figure as
a man who can say no in a way to
make the rejected applicant for a job
feel as if he had been
properly treated.

O'Brien was the 29th ward
Democratic patronage distributor for
many years, and was a member of the
Democratic organization, and manager
of the Dever campaign for mayor, yet
he was the official "no" man; yet
because of all he has retained a personal
popularity which has increased rather
than diminished.

O'Brien takes after his father
in his liking for politics. He is now
a member in the Dever administration
and has the support of the
city hall and the regular Democrats
of the party of county treasurer. He
was instrumental in making a survey
of the finances of Chicago and in hav-
ing adopted that policy of the present
administration which is to avoid deficit
and keep appropriations within
the means of the city.

In 1925 a Tax Commissioner.
He worked as tax commissioner for
two years, making up tax rates for
the county, and in 1923 became chief
of the election board under
county judge Jarecki. He resigned
this post to take complete charge
of the Dever campaign of 1923.
After entering the political field
Brennan was a purchasing agent
for the General Electric company. Ten
years ago he founded the Martin J.
Brennan company, distributor of auto-
mobiles. One of his brothers, John J.
Brennan, is president of the H. M.
Brennan company.

The candidate always has been con-
sidered with the regular Democratic
organization. When George Brennan
was the leader he selected O'Brien
as chairman of the county central
committee.
As candidate for county treasurer
O'Brien has pledged himself to
use all interest earned by public funds
for the county treasury and to dis-
burse same to the several political
parties of the county as fast as such
funds are paid into the treasurer's of-
fice.

REGIONAL PLANNING BOARD BACKS BONDS TO END HIGHWAY JAM

By J. L. JENKINS.

Directors of the Chicago Regional
Planning association yesterday formally
approved the Cook county \$15,000,000
wide roads bond issue to be voted
at the Nov. 2 election, and endorsed the
\$32,000,000 pavement widening and
traffic relief program which depends
on the success of the bond issue at the
polls.

This improvement and relief pro-
gram was worked out and submitted
to President Anton J. Cermak and the
county board by a representative ad-
visory committee headed by D. H.
Burnham of the Planning association.
Most of the roads to be widened were
designated and apportionment of the
work to state, county, and city build-
ing agencies was delegated by associa-
tion engineers.

The program was then revised in
meetings of the committee, composed
of 25 members, and 189 miles of pave-
ment widening, considered vital to
traffic relief, was added. The final
draft, endorsed by all Chicago motor
clubs, the Association of Commerce,
and by state, county, and city officials,
calls for a total of 135 miles of 40-foot,
four lane pavements on such gateway
roads as Roosevelt, Milwaukee avenue,
River road, Ogden avenue, Western
avenue, Lake street, Waukegan road,
and sixteen other arteries where for
several years motorists have smothered
in the dangerous congestion of single
traffic lines.

The first opposition to the bond issue
came yesterday from the Chicago bu-
reau of public efficiency, which de-
clared that the \$15,000,000 provided
is "grossly excessive." Harris S.
Keeler, director of the bureau, admit-
ted last night that the bureau has no
list for publication of the roads on
the program which it considers do not
need widening or paving.

"I am not authorized to amplify
the report," he said.

treasurer. He also bases his qualifica-
tions, in part, for the office that he
seeks on the experience gained as city
controller, an office which he held
during the William Hale Thompson

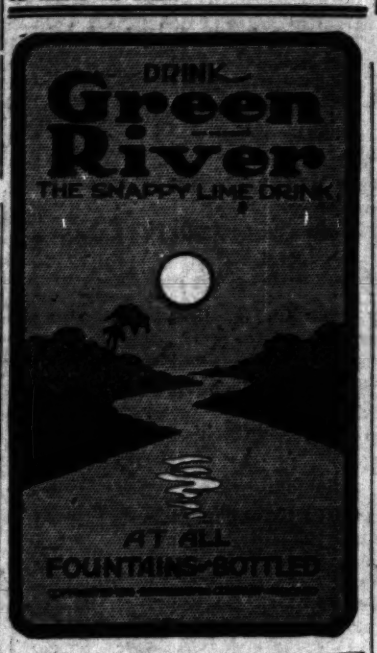

administration. He is rated as a mi-
nority and has long been known as
the Republican leader of the second
ward.

Mr. Harding was born in Chicago
in 1888, the son of the late George
F. Harding. He was educated in the
Chicago schools, in Phillips Exeter
academy, at Harvard college, and at
the Harvard law school.

He served in the city council from
the second ward for five terms, from
1904 to 1914. In 1914 he was elected
state senator from the First district
and served until 1918. He served four
years as city controller. He is an ex-
tensive owner of real estate and be-
longs to the leading social, athletic,
and country clubs.

If elected county treasurer, Mr.
Harding pledges to manage the system
of doing business in that office so that
the city and other taxing bodies will
be paid their tax moneys as rapidly
as they are collected. This will re-
sult, he states, in saving more than
two million dollars a year in interest
to the banks.

WOMAN KILLED BY GAS.
Mrs. William F. Brown, 65 years old, was
suffocated in the kitchen of her home
yesterday. Fumes from a gas range which
is believed to have been accidentally turned
on caused her death.

Vote Two More Indictments for Durkin; Total Now Nine

Los Angeles, Cal., Oct. 27.—Two
more indictments, making a total
of nine, were returned against Martin
J. Durkin, alleged auto thief and Chi-
cago gunman, by a federal grand jury
here today, charging that he stole two
automobiles here in 1925 and trans-
ported them out of the state. Durkin
is serving a thirty-five year term for
stealing a department of justice agent
in Chicago.

Autoists Warned of Peril from Gas in Garages

With the coming of the colder weath-
er, Chicagoans are warned by Dr.
W. D. McNally, coroner's chemist, of
the danger of death from carbon mon-
oxide in starting automobiles in close
garages. Dr. McNally pointed out
that 21 persons lost their lives from
the deadly gas last fall and winter.

Colds

One of the world's largest labora-
tories perfected a way to end colds.
It combined a number of modern dis-
coveries. That way proved itself so
efficient, so quick, so complete that we
paid \$1,000,000 for it.
The way is called HILL'S. It
checks a cold in 24 hours. It ends
the fever, stops the headache. It opens
the bowels, tones the entire system.
And without any ill effects. As a re-
sult, one usually feels better than be-
fore the cold began.
Millions now employ it. When they
learn its results they keep it ever on
hand. Then a cold rarely gets started.
Here is all-in-all for colds—the best
modern science knows. Things will
change tomorrow if you take it now.
Go start it without delay.

ZUMBRUNN QUILTS ENGLISH DEFENSE IN SENATE TRIAL

St. Louis, Mo., Oct. 27.—The
St. Louis Post-Dispatch today says
William F. Zumburn of Washington,
general counsel for the Ku Klux Klan,
has resigned as chief counsel for Fed-
eral Judge George W. English of the
Eastern Illinois district in his im-
peachment trial before the senate,
spending Nov. 18.

H. C. Kramer of East St. Louis, of
counsel for Judge English, said the

withdrawal of Zumburn would "not
affect the case one way or another,"
and as far as he knew the jurist would
be ready to go to trial on the date set.
Kramer said Zumburn had given no
reasons for his withdrawal. He point-
ed out, however, that Judge English
had seven other attorneys, including
J. Hamilton Lewis of Chicago. Judge
English referred inquiries to his coun-
sel when asked concerning Zumburn's
resignation.

The Fall Exhibition of French Wilton and Bundhar Imperial Rugs

A MOST important and interesting
part of our new store is the Rug
Department. This section is now fea-
turing a great exhibition of the nation-
ally known French Wilton, Bundhar
Imperial and Cameo Rugs. A few of
the outstanding patterns in these groups
are given here.

French Wiltons
These rugs are made of the best worsted
yarn, woven very closely and made to
stand years of wear. Some of our best
patterns are:

Royal Saruk Pattern
A field of rose in a soft shade, with an
intricate design and a harmoniously
graceful border.
9x12... \$150.
27x54... 16.

Marine Pattern
A narrow border of marine motives sur-
rounds a solid two-toned taupe center.
This is an unusually fine example of
American design and execution.
9x12... \$150.
27x54... 16.

Antique Saruk
The design and color tones of this beau-
tiful floor covering were adapted from a
priceless antique Saruk rug that hangs
in the Metropolitan Museum of Art. The
ancient Persian motives of this fine
piece will always be a source of great
pleasure to its owner.
9x12... \$150.

Bundhar Imperials
These rugs are woven of a heavy lus-
trous yarn with a high pile, very sim-
ilar to the real Oriental weave. They
are soft and luxurious to the tread and
possess excellent wearing qualities.

Chinese Pattern
This magnificent piece has a rich two-
tone taupe ground with a stunning six-
inch border of a darker shade. The
center is decorated with Chinese vase
shapes, flower pots and sacred birds.
9x12... \$150.

Persian Bridal Rug
The fruit-laden urn and wine-filled vase
are beautifully symbolized on a deep
rose background. The joy of the wed-
ding feast is pictured by the artist-
weaver in wonderful color-tones and
harmonious pattern.
9 x 12... \$150.
8 1/4 x 10 1/2... 138.

Cameo Rugs
These rugs, in their round and oval
shapes, are the jewels of the Wilton
family. We are showing them in all the
new color tones of orchid, green, rose,
blue and taupe.

What 3,000 Chicago Lawyers say of JUDGE HENRY HORNER

Democratic Candidate for
Judge of the Probate Court

"In discharging the duties of the Probate Court since his election twelve
years ago, Judge Horner has displayed legal ability, judicial qualifica-
tions and such fairness, intelligence and industry that his court has been
accorded the approval of the Bar and the admiration of the com-
munity.

"He has applied efficiency and business methods to the dispatch of the
Court's work, disposing of it expeditiously and yet with just and fair
consideration of the cases which have come before him and in accordance
with the splendid traditions of that court.

"Judges of this character are not easily found. The
benefit of Judge Horner's service and his years of
experience must not be lost to Cook County. Every
consideration demands his re-election."

96 LEGISLATORS SURE OF SEATS; FEW RACES HOT

Contests On in Only 19
Districts of State.

BY FRANK BUTZOW.

For 96 of the 153 members of the next Illinois house of representatives the election next Tuesday will be a mere formality. Their nomination in the primaries last April was equivalent to election, owing to the action of senatorial committees in 22 districts, Republicans in some instances and Democrats in others, in deciding to contest for only one of the three seats.

These 96 members, 54 Republicans and 42 Democrats, make up almost two-thirds of the house. In the remaining 19 districts, three of which are in Cook county, real battles are narrowed down to a mere handful, but some of them may prove spectacular. The Republicans are certain to control both houses by wide margins. The present lineup is: Senate, 27 Republicans and 14 Democrats; house, 54 Republicans and 42 Democrats.

The real battle for control of the

new 5th general assembly will come after the election, when Gov. Small, facing the threat of impeachment, endeavors to secure command of the organization of the legislature.

In the First (Cook) district Senator Adolph Marks (Rep.) is opposed by Norman H. MacPherson (Dem.), whose contest against Marks in 1922 went to a recount of the ballots by a senate committee. Another hot contest is in prospect this fall.

The 11th (Englewood) district promises another battle between Donald H. McElvany, the Demos. Republican, who won by a narrow margin in the primaries, and Thomas J. Courtney (Dem.), sergeant-at-arms of the city council.

Kilmas Gives Demer Race.
Frank E. Kilmas (Rep.) is giving Senator John T. Davis (Dem.) his first real scrap in years in the 19th district. In the 24th Warren Pinney (Dem.), political writer for the Chicago Daily News and an avowed wet, is making a vigorous fight against Senator Lowell B. Mason (Rep.), now on trial in the wine graft case in the federal court.

Two outstanding senatorial contests downstate are in the 47th and 49th districts. In the 47th (Alton) district State Representative Norman G. Flagg (Rep.), veteran of the house, beat former Senator J. G. Hardill in the primaries and is opposed in the election by former Representative Fred A. Gareche, permanent mayor of Madison.

sen and Democratic nominee for lieutenant governor in 1934.

Am Is McElvany's Rival.
In the 49th, E. J. Am (Rep.), who trimmed Senator R. R. Duval in the primaries, is having a hot election scrap with Ernest R. McElvany (Dem.). The 11th (Englewood) district also is furnishing one of the few Cook county contests for the lower house. Representative David I. Swanson, chairman of the judiciary committee, and Calvin T. Weeks, Republican, are facing Representative John M. Lee and John McElvany, Democrats.

Perhaps the hottest battle in Cook county for the house is in the 13th (Chelmsford) district where the Republicans have three candidates and the Democrats one. Representatives Elmer J. Schnackenberg and Theodore

D. Smith, formerly close colleagues, have had a falling out politically and are at it hammer and tongs with John C. Garriott, Lincoln candidate, trying to take votes from both. Representative William W. Powers, the Democrat, is playing a boss hand for the minority seat.

The three Republican women now in the house—Rena Elrod, Katherine Hancock Goode, and Lottie Holman O'Neill—are certain of reelection. The Democrats will also have a woman member of the house for the first time—Mary C. McAdams of Adams county—whose nomination was as good as election.

South Park Commissioner M. L. Igoe, former minority leader of the house, is certain of election in the 6th (Hyde Park) district, and is asked for the Democratic leadership again.

ORDER PONZI TURNED OVER TO MASSACHUSETTS

Austin, Tex., Oct. 27.—(AP)—Charles Ponzi, financial wizard, today was ordered turned over to Massachusetts authorities by the Court of Criminal Appeals. Ponzi is held in jail at Houston.

Ponzi has been fighting extradition for four months. Two hearings were held before Gov. Miriam A. Ferguson before she honored the requisition of the governor of Massachusetts for the return of Ponzi to serve a seven to nine year sentence upon conviction of being a "common and notorious thief" in connection with his financial schemes in Boston.

APPEAL FILE BY STEPHEN IN MURDER

Indianapolis, Ind., Oct. 27.—(AP)—The Indiana police were rekindled to full heat today by the development of a new lead in the case of the slaying of a young woman.

1. Democratic leaders, including National Chairman Charles Greathouse, 811 N. Dearborn, and Mayor Earl Peters, and Mayor of the Indianapolis Police Department, are being questioned.

2. Former Klan Drumhead, whose influence brought about the alleged release from prison of a man named William Arncliffe, 611 N. Dearborn, is being questioned.

3. William Arncliffe, 611 N. Dearborn, is being questioned.

APPEAL FILED BY STEPHENSON IN MURDER CASE

Indianapolis, Ind., Oct. 27.—(United Press.)—The Indiana political scandal was subjected to full heat today with the filing of an appeal.

Democratic leaders, including Tom Taggart, National Committeeman Charles Greenhouse, State Chairman B. H. Peters, and Boyd Gurley, editor of the Indianapolis Times, were present before the Marion county grand jury for questioning.

Former Klan Dragon D. C. Stephenson, whose influence in politics has been investigated, filed an appeal for release from prison.

When Stephenson was brought to Indianapolis to testify, however, he refused to talk, apparently afraid that he would endanger his chances for freedom. His appeal today is regarded as an indication that either he wants freedom so that he may testify fearlessly or that he hopes the evidence he holds will serve as a lever to get him out.

Taggart before grand jury. Taggart was before the grand jury about a half an hour.

"I told them all I knew," he declared on leaving the court house.

Taggart and Greenhouse were believed to have been questioned regarding a reported offer they had received from former Klan officials to sell the Democrats certain documents which

would reveal the political activities of Stephenson and the O. O. P.

Armitage, believed to have full knowledge of alleged corruption in city offices, refused to testify until Prosecutor W. H. Remy took him before Judge Collins and had him threatened with contempt of proceedings unless he answered the questions of the grand jury.

Mistiguette Charges Pair Stole Her Spuds and Coat

(Chicago Tribune Press Service.)

PARIS, Oct. 27.—Charges were made today by Mlle. Mistiguette, famous dancer, against Gardner and Cook, a pair of performers, accusing them of stealing 200 pounds of the actress' potatoes and a lynx coat worth 15,000 francs (\$450).

While Mlle. Mistiguette, whose shapely legs are insured for \$1,000,000 and who is the dancing partner of Earl Leslie, formerly of Chicago, was taking the cure at Vichy, the actress accuses Gardner and Cook of snatching her country place in the suburb of Bougival, taking a garden truck, several pieces of antique furniture, and the fur coat.

Reed Digs Deeper To Get Facts On Watson And Klan

St. Louis, Mo., Oct. 27.—(AP)—Turning the glare of his searchlight on the Indiana political situation again, the senate campaign slush funds committee will begin the examination here tomorrow of more than half a dozen members and former members of the Ku Klux Klan in that state.

Primarily, Senator Reed (Dem., Mo.), the committee chairman, will seek to establish whether Senator Watson, Republican, who is seeking reelection next Tuesday, was present at a conference of big Klan officials at Washington last January, at which Walter F. Ransom, an Indianapolis lawyer, resigned as grand dragon of the hooded order in the Hoosier state.

R. B. Bradford of Crown Point, Ind., testified before the committee at Kansas City on Monday that he had been

called to the senate Indiana committee in on this conference, and both he and Watson C. J. Granger of Logansport declared that Dr. Edwin W. Evans, imperial wizard, forced Bradford out because he would not agree to have the Indiana Klan "go down the line" for Watson.

Senator Watson promptly denied their testimony, and Senator Reed declined to go forward with the inquiry in an effort to find out just what happened at Washington. To that end he has recalled Ransom and James V. Bolen of Anderson, former secretary of the Indiana Klan, both of whom were quoted by Bradford as having said Senator Watson was at the Klan meeting at the national capital.

In addition, subpoenas have been served on Mayor John L. Duvall of Indianapolis, and Mayor Herbert Maier of Evansville, who, the committee has been told, were present at the conference.

Other witnesses called for the hearing here include George Myers of Indianapolis, whose name has been given to the committee as one of those who heard Bolen tell about the Washington conference and Milton Elrod of Indianapolis, formerly editor of the fiery Cross, a Klan newspaper.

Take No Chance
With a Cold
Use Nozol

THOUSANDS of Chicagoans are avoiding the dangers of colds and grippe by using Nozol, the new preparation recommended by Walgreen's in Chicago's first Cold-Prevention Week.

Most colds are caused by germs that lodge in the nose. Nozol kills these germs and thus prevents colds at their source.

A few drops of Nozol in each nostril clears them of germs, makes breathing through the nose free and easy, and greatly reduces the possibilities of serious sickness.

Nozol often breaks up colds overnight. It is absolutely harmless, being widely used in hospitals and recommended by physicians.

Protect yourself. Get a bottle of Nozol today.

Walter Lippman said in *Vanity Fair*:

"If you start at the first page and read slowly and sympathetically to the last, you will not only fill in vast gaps in your ignorance, but will also place wherever you do happen to know in some relation to the rest of human life."

The Nation said:

"To read this book is in itself a liberal education."

NEW TEXT: Not simply the original "Outline" brought up to date, but a complete revision. The rewriting of large sections and addition of much new material make it the one complete story of man.

NEW ILLUSTRATIONS: More than 800 pictures, maps and color plates illustrate in a matchless manner the evolution of mankind and the progress of all civilizations. The world has been searched by Mr. Wells for material to make the pictorial story complete.

NEW PRINTING: The litho offset process used in this edition makes the text easy to read and gives extraordinary fidelity to the illustrations.

NEW SIZE AND BINDING: The page size permits an admirable proportion between type and pictures; the book is easy to hold and read.

This edition must be seen to be appreciated.

SCHOOLS CLOSE TOMORROW FOR ELLICOTT RITES

Funeral Will Be Held in Church of Atonement.

Arrangements for the funeral of Edward B. Ellicott, late president of the Chicago board of education, were changed yesterday in order to accommodate the large number of citizens who have signified a desire to attend. The services will be held at 2 o'clock tomorrow afternoon in the Church of Atonement, Ardmore and Kenmore avenues, instead of at the Graceland cemetery chapel. Burial will be private, at Graceland. A guard of honor formed of high school R. O. T. C. cadets will escort the casket from church to cemetery.

The body will lie in state in the undertaking chapel at 599 East Erie street from 1 to 4 p. m. today.

Schools close in afternoon. Public schools of the city will be closed tomorrow afternoon in respect to the memory of Mr. Ellicott. It was announced at the school board offices. The board met yesterday and adopted resolutions praising the life and work of the late president. Members also completed arrangements for attending the funeral.

Dever to Change Board. Mr. Dever said he expected to make a change in the personnel of the board before the election Tuesday, but that he probably would not name a new president for two weeks. It was reported in official circles that the new president will come from outside the present board. Julius F. Smietanka, 41, at present acting as president.

There are now two vacancies on the board caused by death and the terms of three trustees have expired. Besides Mr. Ellicott, Dr. Victor E. Schiller died in office. Mr. Smietanka's term ended in 1924 and Mrs. W. B. Hifferman and J. Lewis Coath are holders since last May.

Coolidge Turkey to Grace Eassy's Thanksgiving Table

(Copyright, 1926, by The New York Times.) LONDON, Oct. 27.—After a year's reprieve, Jim, a large turkey which was brought to England last November from the farm of President Coolidge's father in Vermont, to be consumed at the Thanksgiving dinner of the American ambassador in London, is being fattened to fulfill his obligations to society in this year's dinner on Nov. 25 at the Savoy hotel. The dinner was canceled last year because of the death of the queen mother, Alexandra.

"NOTHING EVER TAKES THE PLACE OF SILVER."

Paul Revere's Home and Work Shop at Boston

The Early Days of American Silver

There's a wonderful story in Silver. In the history of all civilized countries Silver has an important place in the development of the Arts and Crafts of the nation.

And to the American Silversmiths of the early days we owe much of the distinctive originality in design which has won recognition for American Silver in the homes of those who appreciate true art and beauty.

The art of Paul Revere, of the Moultons, of Winslow and other American Pioneers in Silversmithing, still lives as is evidenced by the appreciation of "Early American Designs" and "Colonial Patterns".

In the Spaulding Collection of Silverware there are the most meritorious examples of the best designs of all periods—from the beautiful elaborations of the Louis Sixteenth style to the severely simple elegance of Colonial Days there is a wide choice which makes it interesting for those who seek the things that are most "worth-while" in Silver.

The finest work of the GORHAM craftsmen is always found in our stock

U. S. ASKS WHO'S WHO IN ENVOYS? BRITISH PUZZLED

BY JOHN STEELE.

(Chicago Tribune Staff Service.)
LONDON, Oct. 27.—Action by the United States may prove a decisive factor in limiting the growth of independence of the British dominions. One of the most difficult questions before the imperial conference here—namely, the question of the dominions carrying on their own diplomatic negotiations—has been made more difficult by reason of the United States department, which has been intimate to the British foreign office its bewilderment about Canada's proposal to appoint a minister plenipotentiary to Washington. The theory of ministers and ambassadors is that they are representatives

of one head of a state to another. Thus, Mr. Kinnear Howard is personal representative of King George V. to President Coolidge. If Canada appoints Vincent Massey, as it was announced it intends to do, then King George will have two representatives dealing with President Coolidge. If South Africa and Australia and the rest come along, he will have half a dozen. Ireland already has a representative in Washington. But the state department considers him part of the British embassy.

Canada's announcement, however, raises the matter in acute form, and the foreign office has laid the whole question before the conference for solution.

Another phase of the same question is the action of South Africa recently in discussing various trade matters with the consul general for America in Cape Town. Out of courtesy, the consul general listened and transmitted what was said to Washington, always, however, insisting that he had no power to conduct negotiations and all replies from Washington must come through London.

So far as can be seen now, there is no solution so long as some of the dominions remain part of the empire

but to continue with united diplomatic service, and no one is prepared to leave the empire for the sake of having a few ambassadors of its own. Thus, the United States may serve to petrify the empire in its present position.

The imperial conference did not hold a session, but an official spokesman who nightly hands out meager information attached much importance to the research committee of the conference, which liberated lengthily this afternoon on such problems as transport, foodstuffs, animal and plant diseases, and the standardization of imperial products in order to strengthen the empire through making one dominion know all about the others as well as Great Britain.

The committee decided to recommend an exchange of research work. The effect of standardization of commercial products in the United States in breaking up sectionalism was studied by the committee. It hopes to unite the far flung parts of the empire through the same methods, inducing every one to wear the same brand of collars, drive the same make of cars, and eat the same breakfast foods.

REBEL SOLDIERS LAND TO ATTACK NICARAGUA CHIEF

BY GERALD MARTIN.

(Chicago Tribune Staff Service.)
CORINTO, Nicaragua, Oct. 27.—The Liberal general, Beltran Sandoval, who last May started a revolution, seizing Bluefields bank and robbing it of \$168,000, landed this morning at Porto Chiriqui, on the west coast, with sixty soldiers, machine guns and ammunition, calling on all Liberals to unite against Gen. Chamorro, de facto president of Nicaragua.

President Chamorro, following the breakup of peace negotiations, is arresting hundreds of Liberals in the city of Leon, while foreign residents are flying their national flags for protection.

The United States naval men re-

turned to the United States warship "Dartmouth" this afternoon from Corinto, leaving the Nicaraguans in control, having received assurance that no reprisals would be taken against the Liberals. A permanent neutral zone was installed this afternoon at Bluefields and El Huelo to protect American business.

Lawrence Dennis, American chargé d'affaires, this evening made a personal visit and announced that President Chamorro quit immediately and that congress be called to install a successor, probably Adolfo Diaz.

Rebels Bunker in Battle.

MANAGUA, Nicaragua, Oct. 27.—The military authorities today announced that Liberal revolutionists had been defeated in a five hour battle at Terrenos Blancos, near San Francisco de Cuajiniquilla. Five revolutionists were killed and thirteen wounded, while the government losses were two killed and five wounded. It is reported another body of revolutionists is advancing toward San Marcos.

Rebels Seize Honduras Town.

Washington, D. C., Oct. 27.—Report of a combined outbreak by penitentiary inmates and revolutionists

in Honduras and the seizure by them of the town of Saba from government forces was received today by the state department. From American Consul Evans, Revolutionists aided prisoners in the escape and under the combined assault government forces were routed. Three men were killed and several wounded. The courthouse was burned. Mr. Evans said no revolutionists were injured, nor any foreign owned property destroyed, and that order had been restored.

DRY AGENT GONE; ELUDES WRIT FOR EVANSTON BRIBE

(Picture on back page.)

Hal Carr, a deputy United States marshal, reported yesterday that he had been unable to serve a warrant on Lester F. Rabman, a prohibition agent, charging him with accepting a \$50 bribe from an Evanston druggist. Rabman is said to have fled the city after he was caught taking the money by an undercover investigator planted in the drug store.

How to Have Soft, Pretty White Skin

Many women will undoubtedly be glad to know how they may have beautiful, white, soft, pretty skin regardless of their age or the work they have to do. The answer lies in rubbing a little Ice-Mint over the entire face and neck regularly just before retiring at night. In the morning you will be agreeably surprised at the pleasant transformation that has been effected. Ice-Mint is made from a Japanese product that is simply refreshing for the skin and promotes the circulation of blood. It is a most valuable skin cream and should be used every day. A few applications of Ice-Mint will actually make any woman proud of her skin and complexion. It costs little and is sold and recommended by good druggists everywhere. Under the name of Ice-Mint, it is sold in Chicago, Ill., U.S.A.

Voice of Cal Time Saving, Elmer Avers

Also Hears Brennan and Moffett.

BY ELMER DOUGLASS.

Radio last night was a kaleidoscope of voices, reflecting a magnificent array of talks by nationally known men and many musical programs of great worth.

President Coolidge's banquet address before the American Association of Advertising Agencies, Washington, through W-G-N, 7 to 7:30, heads the list of speakers. There is more than something interesting about this clear, crisp, time saving voice.

Second speaker, George E. Brennan, in a warm radio address in favor of the war from his hospital chair in St. Joseph's hospital, Chicago, W-G-N, 7:30.

Third, a Northwestern university scientific lecture by W. Lee Lawrence, WMAQ, 8:30 to 9, in which time, space, matter, energy, gravity, Einstein's relativity, mechanics, radio, chemical reactions, the electronic theory, and others were touched on.

Fourth, Rear Admiral Moffett in a Navy day talk, entitled, "Aviation in the Navy," KTW, 10:30.

Of musical matters, the program by Rollin Pease, baritone, KTW, 7, comes first. For the second time we were privileged to hear this magnificent voice.

The recital by Johan Langemann, cellist, WBBH, 9 to 9:30, also was a magnificent half hour and another demonstration of this versatile artist in playing and to program building. Mr. Langemann's recital, classical as they are, must have a large following.

The Arabian Nights' entertainment, W-G-N, 8:45 to 10, also was pleasing and high class.

Wallace B. Graham, tenor, WMAQ, 9, has a voice that is very attractive in the middle register.

"The Million Dollar Band," WLB, did not have a million dollar sound.

The Western Springs (Ill.) male chorus, WLB, 9:30, said a good word in song for his home town.

FINDS ACCIDENTS SCRAP A MILLION WORKERS YEARLY

Detroit, Mich., Oct. 22.—(AP)—The hazard of accidents in America were pictured by a score of speakers before sessions of the National Safety Council in congress today.

Dr. Harry E. Mock, Chicago, told the council that medical science has succeeded in cutting down the number of disease victims, but that hospitals are being filled with victims of industrial and automobile accidents.

More than a million persons are being manacled upon the scrap heap and labeled "permanently disabled," he said. A rehabilitation program by which the disabled could become producers instead of dependents was proposed.

Dr. Wendell C. Phillips advocated a full education of the public in disease prevention, and said that huge sums of money, now being used in care for hospital inmates, might well be used toward preventing disease.

HOUDINI RESTS WELL; CONDITION REPORTED BETTER

Detroit, Mich., Oct. 22.—(Special).—The physicians attending Harry Houdini, the magician, in the Grace hospital last issued the following bulletin at 5 p. m. today:

"Mr. Houdini rested quite well last night and today. His condition is good at present. His temperature is 100, pulse 100, respiration 20."

Houdini collapsed last Sunday night after giving his opening performance at the Cervick theater and was taken to the hospital, where the seizure was diagnosed as an attack of acute appendicitis. An operation was performed Monday and peritonitis subsequently developed.

Physicians at the hospital believe that if Houdini recovers he will owe everything to his unusual physical strength and his previous excellent health.

ARMY-NAVY FANS KEEP E. J. KELLY PHONE JINGLING

Edward J. Kelly, president of the south park board, said he was called to the telephone hundreds of times yesterday by applicants for tickets to the Army and Navy games who were under the impression that the postcards were being distributed now and who wanted to know where theirs were. Tickets will not be mailed until Nov. 10, Mr. Kelly explained.

The first notifications to those who will have an opportunity to purchase tickets will be mailed today, Mr. Kelly said. When these notifications arrive, he said, the recipients should send payment to the south park office and their tickets will reach them on Nov. 11.

WIFE BEAT HIM, HAMMAR SAYS, ASKING DIVORCE

Emil F. Hammar, 38, decorator living at 830 Fullerton parkway, revealed details of an alleged attack on him by his wife, Mrs. Grace Lillian Hammar, and Thomas H. Riley, well known turf man, in a suit for divorce filed yesterday in the Superior court.

Six months ago, Hammar charged, he was forced by his wife to leave his apartment at 407 Sheridan road. Riley then came to live in the apartment with Mrs. Hammar, according to the bill. On the night of June 27 Hammar visited the apartment, he declared, and was attacked by Riley and Mrs. Hammar, being beaten until unconscious. After the alleged assault, Riley and Mrs. Hammar escaped down a fire escape, the bill stated.

Famous Old Recipe for Cough Syrup

Really and cheaply made at home, but it beats them all for quick results.

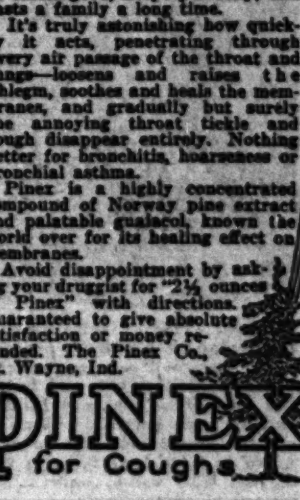

Thousands of housewives have found how to save two-thirds of the money usually spent for cough preparations by using this well-known old recipe for making cough syrup. It is simple and cheap but it has no equal for results. It gives immediate relief, usually stopping an ordinary cough in 24 hours or less.

Get 2 1/2 ounces of Pinex from any drugstore, pour it into a pint bottle, and add plain granulated sugar syrup to make a full pint. If you prefer, use clarified honey, instead of sugar syrup. Either way it tastes good, keeps perfectly, and lasts a family a long time.

It's truly astonishing how quickly it acts, penetrating through every air passage of the throat and lungs—loosens and raises the phlegm, soothes and heals the membrane, and gradually but surely the annoying throat tickle and cough disappear entirely. Nothing better for bronchitis, hoarseness or bronchial asthmas.

Pinex is a highly concentrated compound of Norway pine extract and palatable glucose, known the world over for its healing effect on membranes.

Avoid disappointment by asking your druggist for "2 1/2 ounces of Pinex" with directions. Guaranteed to give absolute satisfaction or money refunded. The Pinex Co., Ft. Wayne, Ind.

72 YEARS OF TESTED EFFICIENCY

For Safety's Sake Put away your light Clothes—CLEANED

Don't let the dust and dirt stay in your light clothes all winter! It ruins the materials, and a spot now may mean a hole later.

Send us the garments that you won't need until next Spring. We will clean them in the perfect Cook-McLain way, and, as a double measure of precaution, return them to you in a Moth-proof bag without extra charge.

You pay no more for the supreme efficiency of our cleaning service.

REPAIRING As Well As CLEANING

As our cleaning service removes all signs of dirt and stain... so does our special "Repair Department" remove the signs of wear. The cleaning and restoration of your Fall and Winter garments will make them look like new.

HARD TIMES IN EUROPE

are due to the tariff walls that block the flow of trade in every direction, says a manifesto signed by the big bankers of fifteen nations, and the way to get prosperity is to level them all to the ground. America is not mentioned in this document, which has startled the business world, but it seems to be strongly suspected that when Europe's tariff walls are down, the guns will be turned on the barriers that guard our markets from European competition.

Undoubtedly the manifesto must be considered from two angles, the European and the American, and judging from early reports, Europe thinks the medicine would be splendid for America and America thinks it would be fine for Europe.

The bankers' plea wins special attention because of the signatures appended to it. The purpose of the manifesto, the New York World is convinced, "is to push forward that movement toward freer trade in Europe which underlies the whole Locarno policy; the tariffs will have to come down, the European continent will have to become a free trade area as large as the United States if European industry is to prosper."

EUROPEAN TARIFF WALLS THAT HINDER TRADE AND DELAY ECONOMIC RECOVERY. This drawing is based on a photograph of a model designed by Sir Clive Morrison-Bell and on view in the Bank of England. The boundary walls show the relative heights of tariffs on imports in the respective countries. Note that the lowest tariff walls are those around free-trade Great Britain, Holland, and Denmark. The highest is around Russia, and the next highest is around Spain.

The American signers are J. P. Morgan; Gates W. McGraw, of the Duquesne plan International Banking Committee; J. J. Mitchell, President of the Illinois Merchants Trust Company of Chicago; Thomas N. Perkins of Boston; Melvin A. Trower, President of the First National Bank of Chicago; and Albert H. Wiggin, Chairman of the Board of the Chase National Bank of New York.

This new and epoch-marking change in international trade circles is discussed from every angle in the leading article in The Literary Digest for October 30th. Both American and European editorial opinion are quoted as well as the views of well-known men here and abroad. Other live news-features are listed in the panel at the left.

The meeting was held at the Women's Athletic Club yesterday afternoon. Mrs. Cutting was elected president of the Western Golf Association at the annual meeting held at the Women's Athletic Club yesterday afternoon.

Many of the prizes of the season were awarded, including the individual record prize to Mrs. Lee Mide, for what is probably the most outstanding seasonal record ever made in women's golf.

Olympia Fields was awarded the record cup for the third time which gives the club permanent possession and distinguishes it from all other clubs.

Postponement of the annual three day medal tournament until later each season and increase of the dues of members clubs were discussed and action left to the executive committee.

New members elected to the executive committee were: Mrs. John W. Douglas, Barrington Hills; Mrs. Scott Brown, Glen View; Mrs. Sarah Richards, Mrs. C. C. Kendrick, Sunset Ridge; Mrs. J. B. Alvin, Oak Park and Mrs. Dalton Raymond, Balon House, La. Members of the committee selected were: Mrs. W. M. Jones, Tacoma, Wash.; Mrs. Charles H. BY FRENCH LANE.
Aurora, Ill., Oct. 27.—Mr. Clint De Witt, the skillful trainer of thoroughbred horses who was the "Puck's Bad Boy" of yesterday's racing when he uncovered a good thing in the three year old Monarchist, which won at a solid price, turned right about face here this afternoon and kept the stewards from blushing every time the official numbers were hung up by saddling the only "figure horse" which was during the afternoon.

Even Mr. D. Arner, the famous handicapper, who left the track after five glaring form reversals yesterday had thinned his bank roll, came back long enough this afternoon to shake Puck's Bad Boy by the hand.

There have been many form reversals here this fall because Martin Nathanman always brings his fields together, but Mr. DeWitt seems to have been the only one to train called on the carpet to explain to the ruffled stewards. They put his horse Monarchist on the ineligible list, probably because Monarchist refused to answer their questions, and appended the ruling by saying the "race is still under investigation."

But Puck's Bad Boy ran a couple of horses in the feature, called the Hooping Hoop, which was the only one to be called on the carpet to explain to the ruffled stewards. They put his horse Monarchist on the ineligible list, probably because Monarchist refused to answer their questions, and appended the ruling by saying the "race is still under investigation."

Needlepoint led practically all the way under Jockey Kinty's energetic riding, and after Chaff had trailed the leaders for a time Jockey Anderson rushed her up into a contending position a furlong out and could have probably won had not Needlepoint already suited the race away. The wire got third money. The others could have been left in their stalls and taken just as prominent a part in the running of the contest.

Outlaws Join A.A.A.; Help City's Racing

By J. L. JENKINS.
Legitimate automobile racing in the city went forward yesterday with a number of the most daring and best drivers of the middle west. The "outlaw" ranks to compete under the strict regulations and national code of the American Automobile Association contest board. All of the boys who stepped over the bars of the national association to compete in the final 100 mile chase at Hawthorne last Sunday have Chicago addresses and have made names for themselves on the popular dirt track circuit. Five years have operated under the strictly legitimate pale and under the Chicago.

Among the local favorites entered in the competition in the national code are Ray, Duke, Raymond, and Walter Martin, and Ralph Shuman, who have all served in the national code. The local favorites entered in the competition in the national code are Ray, Duke, Raymond, and Walter Martin, and Ralph Shuman, who have all served in the national code.

Arthur Chevrolet, brother of the owner of Sunday's machine, is one of the local favorites entered in the competition in the national code. WHEAT CLOSES ON RALLY; CORN ALSO IS HIGHER

BY CHARLES MICHAELS.

British coal strike situation was the dominating influence in the wheat market, with prospects for a settlement causing a break of 2c to 2 1/2c in Liverpool. While the local market was affected to some extent with a maximum decline of 1 1/2c the close was on a strong rally with net gains of 1/2c to 1c with December 21.62 to 21.63 1/2, and May 14.77 to 14.78 1/2. Trading in July, which was quoted for the first time, was fairly active with the close at 14.46 1/2 to 14.47.

Buying of corn was of a better class than late, and with increased pressure an advance was easily obtained. Net gains were 1/2c to 1c, with December 10.44 to 10.45 1/2, and May 6.44 to 6.45 1/2. The market was very active with December 4.44 to 4.45 1/2, and May 2.44 to 2.45 1/2. The market was very active with December 4.44 to 4.45 1/2, and May 2.44 to 2.45 1/2.

Many traders were puzzled as to what caused the settlement in the coal strike would have on North American wheat markets. Some sold on the belief that a break ahead would be reflected here, as the demand for coal grew. The market was limited until freight rates were more settled, while others bought on the belief that Europe was almost bare of supplies and would cause the market to rise as a large buyer of coal forward shipment. There was good buying early under \$1 1/2 for December which absorbed the surplus in the pit, and toward the last several hours with eastern conditions were good buyers, but the bulk of the trade was of a local character.

Action of the Winnipeg market was a disappointment to the bulls, with the pool credited with selling. The bulls were 1/2c higher for the week, and in 1914, 1915, 1916, compared with 1917, 1918, 1919, 1920, 1921, 1922, 1923, 1924, 1925, 1926.

Trade in corn was much broader, and there was evidence of aggressive buying by strong local professionals and commission houses, with some buying of corn against sales of wheat by spreaders. Selling against offers was a factor in checking the uptick. The country took advantage of the uptick to sell 100,000 bu of corn to arrive, but the spot basis was firm to be higher, and charters were made for 500,000 bu to Buffalo. Weather conditions over the belt were generally favorable for the new crop, with hunking well under way in parts of Iowa, and both Florida and Omaha received 4 to 5 in. of rain, 4 to 5 inches during the day. Blowing rain from Iowa and Illinois are very spotted.

Bulk of the trading in oats was in exchanging between December and May at the difference, with prices holding within a range of 1/2c. Rye was influenced largely by the action of wheat, but there was a little pressure on the December which closed fractionally lower. No export business was reported.

WORLD'S GRAIN MARKET NEWS

Let's review from Liverpool indicated the belief there was little prospect of a settlement of the British coal strike and said that the market was in a state of confusion.

Trade of wheat in the immediate future is expected for a majority of traders to depend largely on developments in the coal strike. One of the closest observers of the market expressed the belief that a settlement would be reached in the North American market, pointing out that the world's wheat supply from July 1 to date had averaged 12,500,000 bu, and during the same period the world's wheat supply had decreased 12,000,000 bu.

She May Be Poor, but French Girl Is Always Smart

(Chicago Tribune From Service)

PARIS.—[Special Correspondence.]—“Woe,” it is heavenly,” exclaimed my companion, “to have enough money to come into these big houses and buy everything you liked? It is no wonder women are well dressed who can afford it.”

“I was wrong on that, Mademoiselle,” argued the head vendor to whom the remark was addressed. “The more money you have to spend, the more mistakes you make. If you have much money you cannot afford mistakes. And that, if you want to know, is the reason our French women are famous as chic women. They don't spend their all on the clothes they have money. But most of them haven't got it to spend.”

On one of these visits she apologized for her handbag. A blue bag was not the right bag to wear with her brown hat, dress, and shoes. It was a mistake, she said. She inquired about the shoes, hat, and bag I would wear with the dress she was making me. She didn't want her work ruined by any discordant notes.

And that, no doubt, explains what is meant by the French woman thinking before she buys. Her outfit is not a combination of many impulses but is made up of the component parts of one well thought out scheme.

In a smart dressmaking establishment I listened to an arrangement of the woman who goes in for things that are “different”—meaning the extreme type who thinks she acquires effect along with oddity. There is a woman, who can safely adopt extremes. She is the extreme type of woman, a rare individual, who is elegant and wears only elegant extremes.

“The commonplace woman may be highly conspicuous by her extravagance, but as a caricature only is she conspicuous,” was the gist of the remarks following the exit of a better-dressed, long-suffering, French-looking female.

BEAUTY ANSWERS

Q. G. THE WHITE MARKS ON the fingers nails are caused by injury to the nail at the root. Carelessness in manicuring, or too much manicuring may be to blame. They are also found in those who have the nervous habit of biting the nails at the root. As the nail grows out the spots grow out with it.

TRIBUNE COOK BOOK

Mint Uses.

A good recipe for an orange mint tea requires about 300 words, or what is usually printed here out—when the make-up man does not call of a bit. Also and about 300 words, or what is usually printed here out—when the make-up man does not call of a bit.

“In writing about lamb, why not tell the different ways to prepare mint sauce, mint tea, mint food tea, mint jelly, and plain mint sauce? Not long ago I had dinner in — and the Western served mint food tea. She told me she put the tea, mint leaves, lemon juice, and sugar all in the teapot and poured over it the boiling water, then strained and diluted it with ice water to serve, and she served it in small green food tea glasses and with glass straws with a green tip. At present I am making mint jelly from wild cranberries by macerating the leaves and sewing them up in a cheese cloth sack and boiling them with the juice. It is also good with grape jelly, especially if you use half wild and half grape. As to the salad and lovely things, I have not neglected them in times past. One of the ways to make a refreshing mint drink which has been exploited in this column is this. Pour a cup of boiling water over a dozen sprigs of mint, let it stand five minutes. Then strain off. Add a teaspoon or two of lemon juice to each glass, the sugar and dried sprigs of mint with sugar and cover with cold water and leave till flavored.

Dandruff Soon Destroys the Hair

If you wish plenty of thick, beautiful, glossy, silky hair, do by all means get rid of dandruff, for it will starve your hair and ruin it if you don't.

It doesn't do much good to try to brush or wash it out. The only way to get rid of dandruff is to dissolve it, then you destroy it entirely. To do this, get about four ounces of ordinary liquid Arvon; apply it at night when retiring; use enough to moisten the scalp and rub it in gently with the finger tips.

By morning most, if not all, of your dandruff will be gone and two or three more applications will completely dissolve and destroy dandruff every single grain and trace of it.

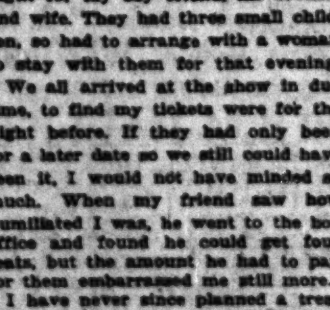

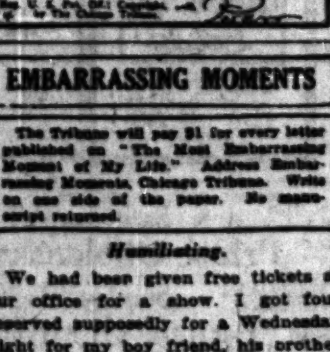

You will find too, that all itching and itching of the scalp will stop, and your hair will look and feel a hundred times better. You can get liquid Arvon at any drug store. Four ounces is all you will need, no matter how much dandruff you have. This simple remedy never fails.

HAROLD TEEN—THE IRRESISTIBLE BLONDE AGAIN

JINGLET'S

A Delightful Model for Everyday Wear

by Corinne Lowe

NEW YORK.—[Special Correspondence.]—Here is one of the younger members of the steel trust. For with the steel buttons which decorate the front of this little frock it would be divested of one of its smartest touches.

It is executed in dark blue crepe over a cloth slip. Both in its lines and its decorative scheme the dress achieves marked distinction. First, it makes use of several features so ardently strangled at present. Then it adds an element of special individuality. The shirring at the waist line, the panel in the front of the skirt, the blousing at the hips, and the little turn-down collar—these you see reiterated themes rapidly becoming familiar.

Moreover, the trick of puffing out the sleeve above a narrow, tight wrist-band is much in vogue. Special character is given the frock by means of its yoke and the interesting shoulder line. Blue braid forms the decorative treatment for waist and skirt, and steel buttons enliven the color scheme.

Metal embroidery, metal piping and buttons are the favorite decorative touches for cloth dresses of tailored persuasion. This is especially true of coat frocks, which often close with a metal ornament in front. One charming frock of crepe, with side flares in the skirt falling from a point slightly above the hips, outlined a deep waist and standing collar of mole by an effective border of metal embroidery.

A big turkey crop is in sight for the winter holidays, according to Harrison F. Jones, a poultry marketing expert of the National Poultry, Butter and Egg association of Chicago. Because of the large crop, he advises turkey raisers to ship prime birds for the Thanksgiving trade in order to get the best prices.

Mr. Jones explains that a prime bird is one full feathered and, in the case of toms, should weigh at least eleven pounds. Hens should weigh eight pounds or more. Birds lighter than these weights, he says, will not command a top price. He says it sometimes happens that a five or six pound turkey is full feathered and for that reason many farmers believe they should be graded as number ones.

Birds weighing under eleven and eight pounds, respectively, should be big enough to get into the No. 1 grade and bring a No. 1 price for Christmas if kept on the farm and properly fed. Light, immature birds not only grade many times lower than the farmer expects, and therefore bring a lower price, but they also have a depressing effect on Thanksgiving prices.

Bright Sayings of the Children

The Tribune will pay \$5 for each child's saying. The story told must have been printed in any magazine or paper. It is not possible to acknowledge or return merchandise contributions. Write on one side of the paper. Address bright sayings to Andy Ben, The Tribune, Chicago.

Three-year old Phyllis was parading around the house with her father's glasses perched at the end of her nose. Her food uncle spoke condescendingly. "Phyllis, dear, if you don't take off those glasses, you'll hurt your eyes." She looked up innocently, her large brown eyes filled with doubt, as she said, "How can glasses hurt my eyes? I got 'em on my nose."

A FRIEND IN NEED
BY SALLY JOY BROWN.
An Urgent Request.
"I am writing in behalf of my neighbor who is dying of cancer. She is urgently in need of white rags or pieces of cloth, as our supply has been exhausted. Will you try to get some for her?"
Here's a request almost any housewife should be able to fill.

Player Piano Rolls.
"I have some player piano rolls I'll be glad to give to any one wanting them."
"If you have a player piano and have grown tired of the rolls you now have you might find something different among these."

Belch's Chocolate Malted Milk.
Bar is one kind of candy that your parents can't mind your buying, because it is good for you. But, you'd never know it, because most things that taste so good, aren't so good.

Rainbow Islands Await You When the North Blows Cold

A French Line Winter Cruise to the Caribbean
From February 5th to March 6th
OFF for fairy seas—leaving the sleek and snow-capped mountains of the Alps—strange sea gardens and flaming flowers ashore. Nassau, gleaming in perpetual sunshine. Havana—with every night one of a "clear moon"—Jamaica—with tropical beauty—its tall mountains dipping their palm-fringed toes in the foam—the brilliant pages of British military. La Guaira, golden, vivid as a laughing Spanish dancer. Caracas—bit of old Holland. Colon—gateway to the Panama Canal. All these and more are spread for your delight on this cruise.

THE S. S. LAFAYETTE

Sailing from Philadelphia, February 5th
Here, on board this luxurious French Liner, you voyage through iridescent seas, with every comfort, every attention at command. The cuisine—being French—glorifies the appetite—the service, the appointments are typical of the French Line—preferred by so many world travelers. Fares from \$325 to \$1200 including shore excursions. No passports required for American citizens. You live on the Lafayette throughout the voyage.

A Great Ship
on
A Cruise Supreme
to the Mediterranean
The Specially Chartered White Star
HOMERIC
"The Ship of Splendor"

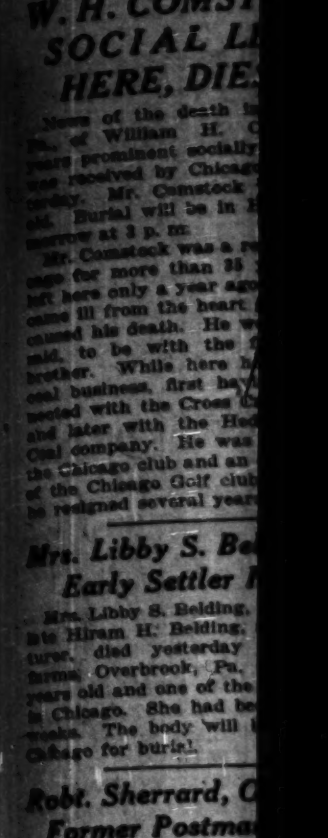

and the largest steamer sailing to the Mediterranean, will leave New York January 22nd on a superb Winter Cruise of 61 days of interest, charm, comfort and unstinted luxury. The voyage, returning March 30th, 1927, will follow an itinerary that includes every worth-while point; a long stay in Egypt, the Holy Land, etc.

Our own Nile Fleet is the foremost and most luxurious form of transportation on that great river.
For people of leisure and refined recreations this Cruise Supreme has a special appeal.

An Illustrated Cruise Guide Book will be sent to you upon request.
